

# Placeholder Name

Backend / Infrastructure

[example.com](#)

## Experience

- **Yazi** — terminal file manager contributor
- **mise** — toolchain tinkering
- **typst** — typesetting experiments

## Projects

|          |                                         |
|----------|-----------------------------------------|
| dotfiles | text-only environment, no image packing |
| homepage | svelte + pdf.js preview layer           |

## Notes

This page is a placeholder. Replace it with a real document; the layout is here to prove that two-column grids, tables, links, and images all survive the compile step.
